

FACTS FOR OUR READERS

Follow Nature and Keep Well, a Good Rule.

The Question is Important, Are You Prepared for Spring? If Not, Here is Some Very Necessary Information for You.

Nature will soon begin her annual struggle for freedom from winter's icy imprisonment. Already beneath the frozen surface, giant forces are moving in that direction. Purification is going on.

It is the same with the human system. The lengthening days are approaching when the blood seeks to recover from its sluggish inactivity, and it bears in its course germs of health or disease, as it has stored up the one or the other. It requires, therefore, to be enriched with vitalizing and health-giving qualities to give tone, vigor and health to the system.

For this needed and beneficial service nothing is so powerful as Dr. Greene's Nervura blood and nerve remedy. Like Nature's own wondrous remedies in the physical world, which purify the mountains and streams as they leap from their confines to fill the valleys with new life, and cover orchard and field with flower and fruit, it brings new force and health to wasted tissues and enfeebled nerves.

Now is the time when your nature calls for help. Don't mistake; no other remedy equals Dr. Greene's Nervura blood and nerve remedy as a spring medicine. No other remedy will so quickly and certainly strengthen your nerves, invigorate your blood and correct the action of all your organs. It will make you well and strong, as it has done thousands of persons; as it did Mrs. W. A. Cutler, of 59 Orchard street, Worcester, Mass.

"A year ago," she says, "I fell ill with nervous prostration and neuralgia, which affected my whole system. My digestion was also very poor. After eating I would be taken with a smothering sensation, while the palpitation of the heart was terrible."

"Severe nervous headaches made my life miserable in connection with these other troubles. I was in a fearful condition, and became greatly discouraged. I consulted physicians and treated with them, but with no good benefit. Nothing I took did me any good."

"Finally, as a last resource, I commenced to use Dr. Greene's Nervura blood and nerve remedy, which had been wonderfully praised to me. With the first bottle I noticed an improvement, and persevering in its use, I continued to steadily gain in every respect."

"My nervousness was soon cured. The neuralgia, headaches, palpitation of the heart, indigestion and all my complaints entirely left me. All this was accomplished by Dr. Greene's Nervura blood and nerve remedy."

"This wonderful medicine did for me what all the doctors and their medicines could not do. I wish to urge all sufferers to try it."

No power of words can describe the wonderful good which this remedy is doing among the sick and suffering. Those who take it are cured. Thousands of people, at the advent of spring, while not exactly sick, are yet out of order or ailing in some way. They do not feel just right, are not well and strong, cannot eat or sleep well, are nervous and have no strength or ambition for work or pleasure. Their stomachs, bowels, liver or kidneys are inactive and torpid. Such people need this best of all spring medicines, Dr. Greene's Nervura blood and nerve remedy, to restore the natural action of these organs, give strength and vigor to the nerves and new life and vitality to the blood.

Why lose time in trying uncertain and untried remedies, when here is a physician's prescription, a discovery made by the greatest living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West Fourteenth street, New York city. If you take this medicine you can consider yourself under Dr. Greene's direct personal care, and you can consult him or write to him about your case, freely and without charge. This is a guarantee that this medicine will cure, possessed by no other medicine in the world.

Small Beginnings.

Make great things sometimes. Aliments that we are apt to consider trivial often grow, through neglect, into atrocious maladies, dangerous to themselves and productive of others. It is the disregard of the earlier indications of ill health which leads to the establishment of all sorts of maladies on a chronic basis. Moreover, there are certain chronic disorders incident to the system, such as malaria and rheumatism, against which it is always desirable to fortify the system after exposure to the conditions which produce them. Cold, damp and miasma are sure, counteracted by Fowler's Stomach Bitters. After you have incurred risk from these influences, a single glassful or two of Fowler's Stomach Bitters directly after the meal should be swallowed. For malaria, dyspepsia, liver complaint, kidney and bladder trouble, nervousness and debility it is the most delectable popular of remedies and preventive. A single glassful before meals promotes appetite.

NOTES FROM RALEIGH.

Of Special Interest to North Carolinians Generally.

Special Dispatch to The Virginian. RALEIGH, N. C., February 25.—To-day the work of raising the great derriek at the Confederate monument at the west gate of the Capitol square began. It will require at least another month to complete the monument, as fully a month has been lost by reason of bad weather. The fastidious had a meeting this evening to devise some plan for getting hold of the patronage of the penitentiary. It is something which they specially desire.

Yesterday while a little son of Senator Moody was playing with some boys in the Capitol and sliding down banisters, he lost his hold and fell some fifteen feet to the granite floor. His head was injured, an arm broken and a finger cut open. His condition is serious. He fell on one elbow and forehead.

There was another severe accident, and a curious one, here yesterday, in which Mr. George Moore, a son of the late Hon. B. F. Moore, suffered what may be a life injury. Mr. Moore was at a hotel and a dog ran between his legs, tripping him so he fell with great force. His hip bone struck and was broken. His physician has little hope that he will ever recover from the injury.

The chairman of the Finance Committee of the Legislature tell me that they will recommend 22 cents as the tax rate, this being the same as that fixed by the last Legislature.

W. H. Martin, for years chief clerk of the Revenue Collector's office here, will in a few weeks become a clerk in the State Treasury, succeeding Robert L. Burkhead, who goes to Norfolk to engage in business.

In the House to-day the resolution to reduce salaries and fees was unfavorably reported. At one time there was quite a flourish in regard to it.

ELIZABETH CITY, N. C.

Paragraphs of Interest to North Carolinians Generally.

Special Dispatch to The Virginian.

ELIZABETH CITY, N. C., February 25.—There was quite a lively scene at the Mayor's Court here this morning. The crowd present was so large that the room in the City Hall could not begin to hold them, and the court was held in the courthouse, which was packed almost to suffocation. News of the arrest of chicken thieves and burglars on Saturday night by a Richmond detective spread all over the city.

The cases tried were as follows: Gallup, colored, for stealing chickens, was put under a bond of \$100 for his appearance at Superior Court. Louis Brown and William Lucas, also colored, for conspiracy of burglary and burglary, were each put under a bond of \$400 for appearance at Superior Court. Jos. Walker, accused of stealing fodder from W. M. Gregory's livery stables, was acquitted. In all these cases Denis Rowe, the colored detective from Richmond, gave his testimony, which was the most important given.

The facts that led up to the arrest of the persons tried this morning are as follows: Nearly two weeks ago chicken thieves had become so plentiful here that the town authorities sent to the National Detective Agency, of Richmond, Va., for a man to come here and ferret out the guilty parties. In response to the demand for a detective Denis Rowe was sent and arrived on Saturday, February 25. He had no idea of arresting any one but chicken thieves when he arrived, and boarded at the colored boarding house of William Lucas, on Poinceter street.

While there Lucas proposed a plan to rob several stores and a bank to Rowe, who on learning this played in with him and made the impression that he was a professional thief and burglar. Lucas and Brown proposed to enter the store of Ehringhaus Bros. & Co. on Saturday night and rob the safe. Rowe was taken into this confidence and at once informed Mayor Glover, who in turn informed Mr. D. B. Bradford, of the firm who were to be robbed.

The plans for robbery were as follows: Brown was to enter the front of the store, Rowe the rear, and Lucas to watch outside. When Brown had effected an entrance he was met by a revolver in the hand of Mr. Bradford and captured. Lucas was also arrested that night. Rowe also worked up the case against the chicken thief Gallup, who was tried to-day. Lucas and his wife are also implicated in the chicken stealing.

The Lyons-Healy Comedy Company will present the play, "Kit the Wolf," at the Opera House to-night.

Freight Rates Decision.

By Southern Associated Press. WASHINGTON, February 25.—The Interstate Commerce Commission has filed a memorandum decision prepared by Commissioner Venable in the cases brought by the Southern Paint and Glass Company and others against the Louisville and Nashville and others, which involve the legality of rates on glass from Muncie, Ind., and Pittsburgh, Pa., to Atlanta, as compared with such rates to Chattanooga and other Southern points. Proceedings are stayed until final determination by the courts in such other cases.

ENTERTAINMENT REPEATED

The Little Folks' Entertainment Will be Given for the Benefit of the Baptist Church. Silver Tea. Personal Notes.

The Little Folks' entertainment, which was so creditably rendered on last Friday night by the scholars in the preparatory class, at the Ryland Institute, and which reflected so much credit on "The Little Folks" and the excellent and skillful training and management of their teacher, Miss M. Estelle Butt, will be repeated by special request to night at 7:30 o'clock, at Ryland Institute Chapel, for the benefit of the choir of the Berkley Baptist Church. Many new and interesting features will be added, and all who attend this entertainment can do so with the full expectation of being gratified by spending an enjoyable evening. The nominal sum of 15 cents will be charged as an admission fee.

The young ladies of Chestnut Street M. E. Church will give a "Silver Tea" at the residence of Mrs. Winningder Thursday evening at 8 o'clock. An interesting programme has been arranged, after which refreshments will be served free. Everybody is invited to come and bring a silver offering.

Rev. Sam Small preached a special sermon Sunday night at Chestnut Street M. E. Church to the Uniform Rank, Knight of Pythias. The church was filled beyond seating capacity.

Mr. Frank Hanberry has opened a grocery at his new building, corner Liberty and Ninth streets.

There will be a "love feast" service at Chestnut Street M. E. Church Wednesday night. The public are invited to attend.

Miss Luna Ives, who has been visiting her sister, Mrs. James Y. Old, of Elizabeth City, has returned home.

Mr. R. K. Spay has moved his grocery in the fine brick store formerly occupied by Mr. Salisbury, corner Liberty and Eight streets.
